

Prices - Proteomics

	Academic	Commercial
Sample preparation – Batch fee		
Category A (clean-up)	1,000 €	2,000 €
Category B (label-free)	2,000 €	4,000 €
Category C(TMT labeling, phospho, fractionation)	3,000 €	6,000 €
Data acquisition – Per sample fee		
Ultimate3000 coupled to Orbitrap Fusion Lumos (both Thermo Fisher Scientific)	60 € / h	180 € / h
Bioinformatics – per project fee		
Data processing, QC, statistical tests	475 €	1,425 €
Other analyses	Upon request	

Category A includes project initiation fee and C18 and/or SCX-C18 cleanup, Category B includes project initiation fee, cell lysis, BCA assay, protein digest, sample cleanup, Category C includes project initiation fee, cell lysis, BCA assay, protein digest, TMT labeling, fractionation, optionally phospho-enrichment
